

1 **EC-TYPE EXAMINATION CERTIFICATE**

2 **Component Intended for use on/in an Equipment or Protective System**  
**Intended for use in Potentially Explosive Atmospheres**  
**Directive 94/9/EC**

3 EC-Type Examination Certificate Number : **MECS02ATEX5096U**

4 Component: **TYPE 66 IECA END COVER**

5 Manufacturer: **VICTOR PRODUCTS LIMITED**

6 Address: **Newcastle-upon-Tyne, NE27 0QF**

7 This Component and any acceptable variation thereto is specified in the schedule to this certificate and the documents therein referred to.

8 The Electrical Equipment Certification Service, notified body number 600 in accordance with Article 9 of the Council Directive 94/9/EC of 23 March 1994, certifies that this component has been found to comply with the Essential Health and Safety Requirements relating to the design and construction of components intended for use in potentially explosive atmospheres given in Annex II to the Directive.

The examination and test results are recorded in confidential Report N°

**00(C)0943 dated 12 March 2002**

9 Compliance with the Essential Health and Safety Requirements has been assured by compliance with:

**EN 50014: 1997 + Amds 1 & 2**

**EN 50018: 2000**

except in respect of those requirements listed at item 18 of the Schedule.

10 The sign "U" placed after the certificate number indicates that this certificate must not be mistaken for a certificate intended for an equipment or protective system. This partial certification may be used as a basis for certification of an equipment or protective system.

11 This EC-TYPE EXAMINATION CERTIFICATE relates only to the design and construction of the specified component. If applicable, further requirements of this Directive apply to the manufacture and supply of this component.

12 The marking of the component shall include the following:-

 **I M 2**      **EEx d I**

This certificate may only be reproduced in its entirety and without any change, schedule included.

File No: EECS 1186/05/106

This certificate is granted subject to the general conditions of the Electrical Equipment Certification Service. It does not necessarily indicate that the apparatus may be used in particular industries or circumstances.

**13 Schedule**

**14 EC-TYPE EXAMINATION CERTIFICATE No. MECS02ATEX5096U**

**15 Description of Component**

**Type 66 IECA End Cover** comprising a bolt-on end cover made from gunmetal and incorporating an insulating plate. The end cover is for fitting to any unused half coupler, appropriately certified for Group I use, having a flameproof interface to BS 3905: 1995.

**VARIATION 0.1**

Alternative end cover material comprising an alternative grade of gunmetal or:-

- 0.1.1 Aluminium bronze, or
- 0.1.2 Cast iron, or
- 0.1.3 Malleable iron or
- 0.1.4 SG cast iron.

**16 Report No.**

00(C)0943

**17 Schedule of Limitations**

The cover should not be used with equipment for which the routine pressure test exceeds 10 bar without further assessment or tests.

**18 Essential Health and Safety Requirements**

Essential Health & Safety Requirements not covered by Standards listed at (9)		
Clause	Subject	Compliance
1.0.2	Analysis of possible operating faults	Considered as part of EN 50014 and EN 50018
1.0.3	Special checking and maintenance conditions	Manufacturer's Instructions
1.0.6	Instructions	Considered as part of EN 50014 and Manufacturer's Instructions
1.2.2	Components for incorporation or replacement	Manufacturer's Instructions
1.2.4	Dust deposits	Considered as part of EN 50014
1.2.5	Additional means of protection	Not applicable
1.2.7	Protection against other hazards	Not applicable
1.3.5	Hazards arising from pressure compensation	Not applicable
1.5	General requirements for safety devices	Not applicable
1.6.1	Manual override	Not applicable
1.6.2	Emergency shutdown	Not applicable
1.6.3	Hazards arising from power failure	Not applicable
1.6.5	Placing of warning devices as parts of equipment	Not applicable

7 This re-issued certificate extends EC Type Examination Certificate No. MECS02ATEX5096U to apply to product designed and constructed in accordance with the specification set out in the Schedule of the said certificate but having any variations specified in the Schedule attached to this certificate and the documents therein referred to.

8 SGS Fimko Oy, Notified Body number 0598, in accordance with Article 17 of Directive 2014/34/EU of the European Parliament and of the Council, dated 26 February 2014, certifies that the product, as modified by this supplementary certificate, has been found to comply with the Essential Health and Safety Requirements relating to the design and construction of products intended for use in potentially explosive atmospheres given in Annex II to the Directive.

8.1 The original certificate was issued by SGS Baseefa Ltd (UK Notified Body 1180). It, and any supplements previously issued by SGS Baseefa Ltd have been transferred to the supervision of SGS Fimko Oy (EU Notified Body 0598). The original certificate number is retained.

The examination and test results are recorded in confidential Report No. **See Certificate History**

9 Compliance with the Essential Health and Safety Requirements has been assured by compliance with:

**EN IEC 60079-0: 2018 EN 60079-1: 2014**

except in respect of those requirements listed at item 18 of the Schedule.

10 The sign “U” is placed after the certificate number. It indicates that this certificate must not be mistaken for a certificate intended for an equipment or protective system. This partial certification may be used as a basis for certification of an equipment or protective system.

11 This EU - TYPE EXAMINATION CERTIFICATE relates only to the design and construction of the specified product. Further requirements of the Directive apply to the manufacturing process and supply of this product. These are not covered by this certificate.

12 The marking of the product shall include the following:

 **I M2 Ex db I Mb**

SGS Baseefa Customer Reference No. **1186**

Project File No. **22/0133**

## Schedule

14

Certificate Number MECS02ATEX5096U – Issue 1

### 15 Description of Product

Type 66 IECA End Cover comprising a bolt-on end cover made from gunmetal and incorporating an insulation plate. The end cover is for fitting to any unused half coupler, appropriately certified for Group I use, having a flameproof interface to BS 3905: 1995.

### 16 Report Number

See Certificate History

### 17 Schedule of Limitations

1. The cover should not be used with equipment for which the routine pressure test exceeds 10 bar without further assessment or tests.

### 18 Essential Health and Safety Requirements

In addition to the Essential Health and Safety Requirements (EHSRs) covered by the standards listed at item 9, the following are considered relevant to this product:

Clause	Subject
1.2.7	LVD type requirements
1.2.8	Overloading of equipment (protection relays, etc.)
1.4.1	External effects
1.4.2	Aggressive substances, etc.

### 19 Drawings and Documents

New drawings submitted for this issue of certificate:

Number	Sheet	Issue	Date	Description
CA147	1	2	21/02/22	Type 66 IECA End Cover

### 20 Certificate History

Certificate No.	Date	Comments
MECS02ATEX5096U	12 March 2002	The release of the prime certificate. The associated test and assessment against the requirements of EN 50014:1997 + Amendments 1 & 2 and EN 50018:2000 is documented in Test Report No. 00(C)0943.
MECS02ATEX5096U Issue 1	03 August 2022	Standards update to EN IEC 60079-0:2018 and EN 60079-1:2014 the assessment is documented in report 22(C)0133
For drawings applicable to each issue, see original of that issue.
